

**EXPRESSION OF INTEREST FOR (1) ACQUISITION OF AIRBORNE FULL-TENSOR GRAVITY; AND  
(2) 2D SEISMIC DATA ACQUISITION IN P5-A LICENSE (ONSHORE MOZAMBIQUE)**

Delonex Energy expects to conclude the P5-A License award with INP (9988 sq km) in southern Mozambique during Q4 2016, following announcements of the 5<sup>th</sup> competitive Licensing Round results. Delonex intends to acquire (a) 9988 sq km of airborne full-tensor gravity and magnetics data (“**Airborne Work**”); and (b) 1000 lkm of 2D seismic data (“**Seismic Work**”) under the P5-A license.

Delonex seeks interest from experienced contractors who wish to receive an invitation to tender to provide the Airborne Work or Seismic Work in the licence area.

Interested contractors are requested to visit “<https://delonexenergy.sharefile.com/d-sda0a757d41a46668>” to download the pre-qualification form for submission to Delonex Energy.
